TRUFFLE OIL

One of the first products that has been placed on the market from Urbani Truffles today has become an icon among the truffle products and one of the most purchased: the truffle oil. This variant with white or black truffle, expresses the intense fragrance of Italian olives together with the unique aroma and enveloping of the prized truffle.

Matchless become the pastas or risotto seasoned with our White Truffle Oil but also meat and fish dishes of all kinds will be incomparable. A few drops of this oil will give the final classy touch to a memorable dish.
